“ I'm going to miss you

Don't grieve for me, for now I'm free
I'm following the path God has laid you see.
I took His hand when I heard him call
I turned my back and left it all.
I could not stay another day
To laugh, to love, to work, to play.
Tasks left undone must stay that way
I found that peace at the close of day.
If my parting has left a void
Then fill it with remembered joy.
A friendship shared, a laugh, a kiss
Oh yes, these things I too will miss.
Be not burdened with times of sorrow
I wish you the sunshine of tomorrow.
My life's been full, I savored much
Good friends, good times, a loved one's touch.
Perhaps my time seemed all too brief
Don't lengthen it now with undue grief.
Lift up your hearts and peace to thee

God wanted me now; He set me free.

may you RIP

“ From the moment Lois entered our lives and became a part of our family, she made it a happier, more loving and warmer place to be. Her wonderful smile, joyful personality and giving heart have given us all the true example of who God wants us to be for each other and she generously shared all of these gifts with everyone. It's no wonder Paul fell in love with her and it was very easy to see how much she loved him. Her memory will always bring a smile to my face and I feel humbled to have been able to call her my sister in-law.

May her soul rest in peace in the arms of Our Savior, Jesus Christ and His Blessed Mother and may God Bless and strengthen Paul and both of our families as we go forward and try to live the wonderful example Lois set for all of us.

“ Aunt Lois was one of the most genuine and giving ladies I have known. She was greatly and truly loved by our entire family and was always laughing! Her smile was contagious and her heart just oozed with love for everyone around her. She was never hesitant to help out and always put others before herself. She was selfless, kind, loving, silly, and many more things that I aspire to be like. She touched so many lives and was taken way too soon. She will be missed dearly by many but will always remain in our thoughts. I know I will think about her whenever I remember old times we've spent together and I will always remember how GREAT of an aunt she was and how special of a person. I love you Aunt Lois! Rest in Peace pretty lady. xoxox

“ I certainly was blessed to have known Lois. I will never forget her kindness and love she showed to many of us. The time I spent with her and Paul were some of the best times of my life and will never be forgotten. A long time from now when I go home to be with Jesus I know you will be waiting to greet me. because he at first thought he was not gonna make it through the surgery but knowing that there was a baby girl he prayed to GOD asked him to please let him make it that he wanted to see me and watch me grow up.....when my big brother told me this we were both crying.....He told me that on the day of his surgery as they were wheeling him on the bed into the operating room all he could think about was living, making it through and seeing me.....surgery was 13 hours long.....my big brother made it.....the tumor was removed.....the doctors told mommy daddy and my big brother that he may live till 20 years old or so but not much longer after that.....they all head back home to Waimea.....to wait for my arrival.....see by this time daddy was still heart broken and said he was not gonna go with mommy to get me when it was time so mommy went by herself.....I was born on July 6 1969.....mommy stayed at Tutu's house and Aunty Eunice went with mommy to the hospital to get me.....Aunty told me many many times how the whole family over on Oahu was sooo excited.....she remembers driving with mommy to the hospital to get me and it was heavy traffic.....sooo... I Love you all so much.. Because of your Dad I am here...
With All My Love ~ Aunty Ah'oi

part. 1

It was a hot summer day in 1968 and mommy & daddy and Chu my big brother were getting ready to catch the plane at Waimea Airport....See they where headed to Oahu for my big brothers annual check up with the surgeons who had been doing minor surgeries since my big brother Chu was born.....See when mommy was pregnant with my big brother she fell twice, once in the bathroom and once down the fronth porch on a rainy day when she was 8 months along..... 1968 after my big brother had his C.T. and other test done, both mommy daddy and my big brother are waiting in the doctors office..... Dr. Lowrey & Dr. Scully walk in.....mommy told me

she was soooooo nervous waiting to hear what the result were and daddy he just sat there wanting to get it over with and head back to Tutu's house on Dilingham.....and my big brother just sitting between them both looking at the doctors with his smile.....Dortor Lowrey said the test came back and it looks not so good.....mommy said she had tears but was being strong as she always have been for all my brothers especially for my big brother Chu.....My daddy says what?what is it?.....see when mommy fell and my big brother was born his right ear was not completely formed, he had no hearing out of that ear, it look like the inside of a big sea shell.....This is why he grew up having many surgeries on his ear to drain fluid and repair what could be repaired.....1968 back in the doctors office.....mommy asked what can be done?....its very quiet.....for a while mommy told me.....Then Dr. Lowrey knelt down in front of my brother and asked him a question.....He asked him if he had any wishes???? like there was anywhere he wanted to see or anyone he wanted to meet.....My big brother told me he sat there and asked why?..... Dr. Lowrey looked both at mommy & daddy and said there is surgery that can be done..... See my big brother had a tumor lodged in the back of his head where his spine began.....The chances of survival was 40 % good and 60% not good.....It was quiet in the office.....Then my big brother Chu said he has a wish..... and the doctors said and what would that be?..... He said he wanted a little sister for his mommy cause he know mommy and daddy always wanted a little girl but after my other big brother was born mommy could not have any more children.....mommy told me she started to cry and grabbed my brother and hugged him sooo tight.....my big brother told me he remembered that cause he was mommy its okay.....daddy just sat there.....saying nothing.....see daddy told me all he could think about was all the times Mr. Richard Smart paid for all my big brothers medical bills and how was this going to happen.....see Mr Smart he really took care of ALL of his Ranch families.....so it was decided to do the surgery in July 1969.....Chu, mommy & daddy go home to Waimea and life moves along.....mommy & daddy have a meeting with Mr. Smart and tell him of the out come of what was talked about with the doctors.....daddy said he stood there along with his personal secretary Kiyomi and he looked at mommy.....and then he said to them....DONE.....TAKEN CARED OF.....NO WORRY.....daddy said he cried and mommy did too.....Mr Smart hug and patted daddy on his back and Kiyomi hugged mommy so tight.....Its May 1969 and the phone rings, mommy answers, its the hospital in Oahu and they tell her that a hawaiian baby that is going to be born soon and that the mother still had to sign formal papers but that this baby would becoming home to Waimea soon.....

“ To Paul, I am so sorry for the lost of your wife, best friend, lover, confidante, the love of your life and the reason for everything that matters. There are no words to express the sorrow that fills our hearts for you and the family. We were so privilege to have met you last year at Branson MO along with my niece Lois. Thank you for loving her and being the most important part of her life. Thank you for sending her to be with the Ohana in Hawaii twice this year and we were so blessed to see her one last time.

I know if she could speak now, she would say, don't cry and be sad for everything is okay and it's beautiful and awesome here!! But, I know she would be concern about you...the love of her life!!! I encourage you when everything is finished and settled... and it's only you...continue to finish what you both dreamed of and wanted in life and remember this: the love you shared is not finished but continues on in you. One last word, I remember hearing a minister of God whom I love dearly say to a couple who just lost their baby at that time..."their child was not in their past but in their future (in heaven)." So Paul, I say to you, "Lois is not in your past but she is definitely in your future (in heaven) so make sure to get to her in your future." God is not responsible for taking her from you but there is a real enemy, Satan. But, God made a way for you and her to be reunited and that way is Jesus. We love you and will continue to pray for you and the Ohana. Aloha, Aunty Robin and Uncle Kevin.

“ I hired Lois as the deputy clerk of Braceville. She later took my job as Clerk when I moved. We worked closely together and I truly enjoyed her wonderful personality. Don't get me wrong, if she felt strong about something, you knew it. But her smile brightened my day! She also helped my dad several times too. She will be missed! I am so sorry for her husband and his family and hers! Melba Clark
