“ Mom I love u so much. You were a beautiful soul that this world didn't deserve. I'm hurting so bad to have finally got u back into my life just to have u torn away again. I wish you could have stuck around to meet your grandson but you were never a very patient person. I hope you have found the peace in death that you searched so hard in life to find. Don't worry about your foggiest, dad is taking good care of them and I will continue to feed the flock of hummingbirds you loved to watch so much. I hope you left this world knowing how much you were loved and how terribly you are missed. I love you Mom.

“ Mom I finally got u back in my life just to lose u again. But I will always cherish the great memories we made these past couple years. I wish u could have stuck around to hold your grandson but u always were impatient. You were such a kind hearted person who always tried to stay positive no matter what life threw at u. I love u so so much and I will miss u for the rest of my life. Don't worry about your froggies, dad is taking good care of em and I will make sure to keep the hummingbirds fed for ya. I love u mom....
