“ My favorite memory is that me and my uncle would joke around with each and calling each other silly names. I am going to miss my uncle so much

I was friends with Dan and he was a AWESOME guy. He was by my side when I had a near fatal heart attack. So sad he's gone but he's no longer suffering and in God's embrace.

“ Not only we were relatives and coworkers and house mates. But every Halloween that Michael Myers mask would come out. To this day I still don't know who scared the most the truck drivers or the Exxon workers.

You can rest now.

You will always be loved and missed.

So brother I'll miss you and I'll see you when it's time. Tell mom and dad I miss them and love them.
