“ only knew Donnie a short time while in high school. he was two classes behind me. he was a gentle giant and very funny. in the summers his brother Bud and Don would come up to the high school almost every day for a game of pick up baseball. they both were really good bowlers and joined our group of seniors to bowl many times. my fondest memory of DON although not well known was my senior year we were about to WIN the C.V.C. baseball tournament in 1961. i was pitching my last game as a senior and we had a big lead going into last inning. Donnie who was a sophomore catcher who had never caught me, but coach Blake put Donnie in to catch the last inning and we won the CHAMPIONSHIP!

“ I remember my mom "Bonnie" and dad "Ray" talking about Don coming over to dinner and having pizza with us when we lived in Braidwood. Also, many other stories from my dad about their younger years. My sympathy goes out to your family on their loss.

“ *Don was one of my closest friends in high school and for a lot of years after. I remember Don most for being the one guy in our circle of friends with an abundance of common sense, and that made him our rock. My sincere condolences go out to his family.*

I remember Don well. He was in my 1963 highschool graduation class. Was always rhe nicest guy ever.

I moved to south Georgia in 1969 so seldom ever saw him. Remember talking to him years ago when he worked at Whitmore Cassingham in Wilmington.

I am sure he will be missed by all who loved him.
