“ Kim the day I left Seeler you came to say goodbye, and you had tears in your eyes. You made feel special. I have to say that on the outside you were a tough woman, but in your heart you were one of the most compassionate and loving woman I have ever known. You took pride in everything you did. I know a lot of your frustration at work was due to the fact you wanted everything to be done 100%. You expected a lot of yourself as well as expected others to do the same. There were many days you left work extremely exhausted. Now you can Rest In Peace. I love you!

“ *When I was told of your passing I thought initially it was a joke. Or that you ate too much candy and you told Audrey to text me and say that. BUT no, it wasn't a joke. I sat at my desk and thought how could you leave without a word, without saying I'm gone, or I've retired. Something. I think about how many times you helped me personally and kept me strong professionally. After we parted ways, you told me I was lucky and don't look back. You kept me laughing thru my years at Seeler and knowing you had all those men in your pocket still makes me laugh. And the stories of the animals at your house who would cover your truck and ONLY your truck. LOL! I'm so going to miss my feisty little lady who made me laugh and who I always asked "Are you supposed to be eating that and when is your Dr's appointment? You have the greatest Dr there is now and the great things you did for your family and your community so many people didn't get to say goodbye but we who knew you loved you deeply.*

Thanks for the laughs Kim.
