“ I am so very sorry for Louise and the entire family. I never knew their last names but as I read on I knew they had a son John and Amy as well two grandsons. often we go through life not knowing names. They were such a sweet couple. always came into the wilmington house restraurant and came to say hi at my table. I only wish I had stopped to say hi to him when recently he was cutting grass at their home. Pattie feazel

“ I meet Louise and Larry at church. They are two beautiful people who will open their hearts to people. I liked to sit between them to make sure they behaved themselves in church. They helped me when I had surgery and needed a ride. There are two people that I have never forgotten and never will. Loved you both, Carol Thurmond

“ *Dad
Your golden heart stopped beating today
when GOD took you home with him to stay.
You broke our hearts when you slipped away.
We looked into your beautiful eyes and saw
all the pain and suffering you endured and never once did you
complain. I'll hold our 58 years of memories in my heart till I can
hold you in my arms again.*

We will miss your advice. the way you was always willing to help out if we needed it. I remember when you and mom came over to our house after the tornado and helped us clean up the mess. You even brought food because we didn't have any power. You became my father after my own father passed away. We miss you lots and love you.
