“ I am so sorry for your loss - Ron was a mentor to many and friend to all who knew him.

I literally sit at his desk every day and am reminded of him. There are still folders with his handwriting and a calculator with his name on the back "Ron - do not take" it says :)

His family meant the world to him and i know he will be missed deeply by all.

“ Hands down! the SWEETEST! Couple I have EVER Had the pleasure of taking care of. To his most dedicated wife who was there through thick and thin!

You, my friend, were his reason to get up every day. His reason that he could keep us all laughing. Because you made him the happiest man on earth!

Now we must all gather around you and give to you what you gave to him. Our unconditional love and support!

Goodbye good buddy! Keep her safe and happy in your angel arms, for she is surely an angel on earth! My love and prayers and as always I am right here for you when you need to talk.
