“*My condolences to Tim's family. To me, Tim was an amiable and competent co-worker. I had recently talked with him about his work at Clinton Power Station while we were both working at La Salle Station. We were working long hours every day and Tim seemed to be doing well. We shared laughs during breaks and enjoyed each others company. I considered him a person making good decisions in his early life as a technician. His sudden death is a saddening shock. He will be missed.*

“ Tim will always be remembered as a kind man and a loving father and husband. It has been my privilege and honor to be his Grandma Williams for 6 years. Always a smile and willing to help. He spent many nights at our house in Bloomington when he was doing outages at Clinton. We were fortunate to be able , to spend much time with him, holidays, birthdays, and just going to visit at their home. We always felt welcomed at their home. He enjoyed being with Kristin and date nights were special for them both. Zachary loved his daddy so much and he loved him right back. He enjoyed spending time at the park with zach. I have so many great memories. Tim, I will look out for Kristin and Zach. I will share my memories of you with Zach. I will be the person who they can go to because I love them and because I know you would want it. I do not know why we lost you so young, but I will love and share the memories that we have and I send you one last hug.

“ *I'm sorry for the loss of Tim. I worked with Tim at the Clinton Power Station. He was always a great guy to work with and be around. He always wore the picture of his son on his badge and talked about him often as a very proud father. He will be missed.
