“ Where does one start when you lose your big brother...Bill we had lived far apart in different states most of our life and only saw each other once in a while, but that doesn't mean I didn't think about you and your wonderful family all the time. Then we got word you had a medical problem....oh Bill you have no idea how hard I prayed for you to get better so so often...it was in God's hands and your family worked so hard to be your care taker and oh what a wonderful job they did. Then today the Lord took you home...and now you are at peace..no more medical problems, you are now with Mom, Dad, Big Brother Charles and our Big Sister Jo Ann...I hope you are now all talking and enjoying each other, as we here will Celebrate your Life. I loved and love you Bill and always will. RIP my Big Brother and one day we will see each other again. Prayers to your family and Bless them. Love you. Gene
