“ *My Dearest William,
When it comes to sharing a memory we have so many together that I could write a book. Lets start with the first time I meet you in Virginia. We took a long walk on the beach in Hampton, what a beautiful evening talking about sports, fishing and music. The Bears for me and the Packers for you, which I never understood with you being from the east coast. We had a great time from day one. Then we moved to your home state Connecticut, what a beautiful State. Nothing like living 20 min. from the Ocean and 20 min. from the Mountains. Maybe, they were just big hills, come on I'm from Illinois. Fishing and hiking we did so much of it. Loved every min. of it. This is just a gimps of what we had. The things I cherish the most is our three children Sarah May our princess, Swayne Owen our young warrior and Samantha Marie our Indian flower , and the many memories we had together. I will let the bad ones lie with you. Please tell Samantha how much I love her and miss her. Will always love you beyond a shadow of a trout my friend.*
